Technical Skills

Languages and DataBases: JavaScript, TypeScript, MongoDB

Technologies & Tools: Node.js, Express.js, React.js, Redux, Redux Toolkit, Context API, HTML5, CSS3, Git, GitHub, Figma, VS Code, S3 bucket

Projects

Job In-Advanced Job Candidate Search Platform   **Aug 2024**

MERN Project

- Developed an advanced job search feature with filters for country, keyword, and category, enabling employers to find candidates quickly and simplifying the application process for job seekers.
- Implemented secure user login using **JWT** and **Google OAuth**, ensuring robust authentication.
- Applied comprehensive validation on both the frontend and backend using **Yup**, ensuring accurate data and providing clear error messages for a better user experience.
- Built a responsive, user-friendly interface with **React.js** and **Context API** for state management, enhancing the overall experience for both job seekers and employers.
- Integrated **S3 bucket** for secure storage of photos and documents.

Movie Hub-Online Movie Platform   **Sept 2024**

MERN Project

- Developed Movie Hub, an online movie platform enabling users to browse and explore the latest movies.
- Integrated an **external API** to fetch and display the most recent movies, ensuring the platform remains up-to-date.
- Utilized **Redux and Redux Toolkit** for efficient state management, ensuring smooth user interactions and data flow.
- Built a **Node.js** and **MongoDB** backend to support features like movie listings and user bookmarks.
- Designed a user-friendly interface, improving navigation and enhancing the overall user experience.

Live Projects

Static Websites   **Dec 2024**

- Developed user-friendly static websites with SEO best practices and created sales-boosting, client-converting landing pages to improve visibility, customer acquisition, and engagement.
- Enhanced projects for various clients, including **Unicolleagues Marketing Agency**, **Zovio Kitchen Utensils**, **Diamond Driveways**, and **Pranah Event Management,** by developing websites for event management, kitchen utensils, service-based businesses, and web design/marketing agencies.

Awards & Achievements

- **Certificate of Appreciation** for delivering a class on **Web Page Designing** as part of the **Young Educators Club**.

Education

Calicut University   **Jun 2021– Mar 2024**

Bachelor of Computer Applications   Maravattam, Malappuram
